26 December 1957

I received your communication dated 20 December 1957 regarding the declassification of the Flying Objects Committee's conclusions.

There is, however, just one point that puzzles me and I wonder whether my memory is failing. I do not remember at all that Lloyd Berkner was a member of our committee, but I do remember that there was an astronomer from Ohio State whose name, I believe, was Hynek. Am I correct?

Sincerely yours,

S. A. Goudsmit
